Administrative Retirement Incentive: Board Approved 4/6/09

The District will contribute the exit premium cost for major medical coverage for the retiree and spouse. The coverage to be provided for the retiree and spouse under this section shall be equivalent to that provided to all certificated employees in effect at the time of retirement. To qualify, an administrator must have worked in the District ten (10) or more years. The administrator must apply in writing to the District by deadline set by the carrier qualifications and requirements to receive this benefit. This early retirement incentive will be applicable for all administrative members between the ages fifty-five (57) and continue through age sixty-two (64) unless the retiree is eligible for Medical/Medicare Health Coverage at an earlier age.
